Mr Jim Hickey
Box 13
Lone Tree WY 82936

Dear Jim:

Re: ORDER TO CEASE USE OF WATER
Gregory Basin Canal headgate
diversion

Enclosed is a copy of the order we recently sent to Gino Fioanini concerning the Gregory Basin Canal Headgate, and several State Engineer's tags.

Please inspect the headgate and if water is still being diverted, please close it and place at least one tag on it. If the headgate is opened again to divert water, please contact Bob Leake or myself. We will then work through the Attorney General's office to obtain an order from the District Court requiring Gino to close his headgate.

If you have any questions concerning this, please contact me.

Sincerely,

Bonnie D. Duncan, for
Lee H. Sim, P.E.
Assistant State Engineer
for Distribution/Adjudication
